Client: Anna Eichhorn

Property Address: 12830 Deer Run, Arcadia, OK 73007

Date: July 7th, 2026

Contract Price: \$3,000.00

Insurance

Abundant Life Land & Tree LLC maintains **\$2,000,000 in General Liability Insurance** to help protect our clients and their property during the performance of contracted work.

Scope of Work

1. Bur Oak & Entwined Eastern Red Cedar Removal

Remove one Bur Oak together with the Eastern Red Cedar of comparable height and size that is directly entwined with and growing in immediate proximity to the Bur Oak. Due to the intertwined nature of the two trees, both shall be removed as a single operation to allow for safe and complete removal.

All wood, brush, and associated debris generated from these removals shall be cut into manageable sections and removed from the property unless otherwise requested by the client.

2. Mulch Installation Beneath Front Bur Oaks

Supply and install mulch beneath the two Bur Oak trees located within the front landscape.

- Mechanical surface preparation as necessary to reduce compaction.
- Even distribution of mulch beneath both trees.
- Care taken to avoid burying root flares or piling mulch against trunks.

3. Eastern Red Cedar Removal

Remove all Eastern Red Cedar trees located within the backyard and beyond the backyard fence to the property's wooded boundary.

Exclusion: One large (~30ft tall) Eastern Red Cedar, quoted separately for removal \$980, located near the rear fence line shall remain undisturbed at this time and is excluded from this job scope.

Brush, limbs, and wood generated from removals shall be removed from the property unless otherwise agreed.

Stump Grinding

Included

Stump grinding is included for all trees removed within the fenced backyard.

Excluded

Stump grinding is not included for any trees removed outside the fenced backyard within the wooded portion of the property.

Stumps located outside the fence may remain cut flush with the ground unless otherwise specified.

Cleanup

Upon completion, Abundant Life Land & Tree LLC will:

- Remove brush, limbs, logs, and generated debris associated with the contracted work.
- Rake and leave work areas in a generally clean condition.

- Minor sawdust and wood chips may remain as a normal consequence of tree removal and stump grinding.

Exclusions

Unless specifically listed above, this agreement does not include:

- Additional tree pruning or removals
- Root excavation beyond normal stump grinding
- Landscape restoration or regrading
- Fence repairs
- Irrigation repairs
- Underground utility repairs
- Lawn repair or reseeding
- Hauling or disposal of unrelated debris

Change Orders

Any work requested beyond the scope of this agreement shall require mutual approval and may result in additional charges.

Schedule

Work is planned to commence July 14th 2026. Schedule may require changes based upon weather, site conditions, crew availability, and other operational considerations.

Payment

Contract Total: \$3,000.00

Payment is due upon completion of the contracted work unless otherwise agreed in writing.

Accepted forms of payment include cash, check, ACH, or other approved electronic payment methods.

A finance charge of 1.5% per month, or the maximum permitted by law, may be applied to overdue balances. The client agrees to pay reasonable costs of collection, including attorney fees, if collection becomes necessary.

Property Conditions

The client represents that they have authority to authorize this work.

While every reasonable precaution will be taken to protect existing improvements, tree work is inherently hazardous. Minor disturbance to surrounding turf or landscape is possible due to equipment access, falling wood, or stump grinding operations.

The client is responsible for identifying private underground utilities, irrigation systems, invisible fencing, landscape lighting, septic components, or other concealed improvements prior to work beginning.

Acceptance

By signing below, the client authorizes Abundant Life Land & Tree LLC to perform the work described in this agreement under the terms listed above.
